Automobile Accident

It is with regret that the Times must record the first serious automobile accident happening in Powell county, while several Fords and one Buick have previously overturned and demolished tops, up until Sunday morning last no accident had occurred to seriously injure any one in our county from automobile since their introduction here six years ago.

James Willie Dunn, of Winchester, driving a Buick roadster Sunday morning overturned his machine in making a curve on the new state aid road and sustained three broken ribs and internal injuries, and for a time was thought to be in dying condition. After the accident he was removed to the home of Mrs. Phillips in this city and later in the day was carried to his home in Winchester by ambulance. Two young ladies in the machine escaped injury with the exception of one slight cut on a hand.

The wreck was viewed by scores of people on Sunday but was removed Monday.

When the narrow condition of the road is considered, and the abrupt curves on the same, it is remarkable that up to this time no accidents had occurred, with the extreme amount of travel on this road going both ways at all hours. There is bound to be many accidents in the future unless the road is widened in places and some of the dangerous curves removed. Railing should also be placed along the high embankments if we respect the words, "safety first." Since this road is maintained by the state it seems to be up to the authorities at Frankfort.

Picnic For Ex-Soldiers

All the ex-soldiers of the county are invited to a picnic to be held at Stanton, July 4th, by the American Legion Post, assisted by the ladies of the town. There will be a program arranged with an address. All the soldiers are requested to bring their uniform for a parade in the afternoon. There will be refreshments on the grounds with plenty of music and a general good time is expected. Every one is invited and every ex-soldier in the county is expected as this picnic is given in their honor. Come and make the day a success.

Ice Cream Supper

The young ladies of the Christian Church will have an ice cream supper at the school house yard Saturday evening, June 18.

These workers are progressing very satisfactorily toward their piano fund, and should receive further encouragement for this effort.

Mrs Russell Still Improving

Mrs. Jennie Russell, who returned last week from the Richmond Hospital, continues to slowly improve. While her nurse is still with her, she is able to sit out on the porch and go to the dining room for meals. Her many friends are very much pleased to know she is doing so well.

New Town Ordinance

The Board of Trustees for the town of Clay City do ordain as follows:

That the costs incurred in constructing or reconstructing sidewalks, curbing, streets, highways, sewers, and public places shall be paid out of the general fund, except that the construction or reconstruction of sidewalks shall be paid by the owners of the lands fronting or abutting thereon, and in such cases, the town Board of Trustees may order such construction or reconstruction to be done by contract for an amount not exceeding fifty percent of the value of the land after such improvement is made excluding the value of the buildings and improvement thereon, if the owner of such abutting property shall fail for ten days after notice served on him to make such improvement equally as good as the connecting sidewalk, for such contract the town shall have a lien on the said abutting property enforceable in equity. This ordinance to be published in the Clay City Times one issue thereof before becoming effective. All ordinances in conflict herewith are hereby repealed.

Moved, seconded, passed.

New Road Work Project

Citizens have begun work on the road leading from the bridge at P. D. Todd's place to the Brush Creek junction of the new gravel road. The big hill on this route is to be cut down to a good grade and possibly graveled all along. One day each week will be given to this road until the busy season is past when two days will be devoted to its improvement. This sounds good to the Times, and as we have often said, it is the only way we can get good roads quickly. They are worth the cost money to us.

The Williams' Sale

The big two store sale of Mrs. Fannie Williams is gaining headway and evidently will be a success, because she has cut prices to the bottom which is sure to make the goods move quickly. Be sure and attend this sale. A dollar saved is a dollar made. Save dollars in this sale.

The American Legion

Powell County's Post of the American Legion held brief meeting at the Court House at Stanton last Friday night, and although less than half the members were present, they were all interested and hoping to get things going on a more pretentious scale in the near future. It was decided to hold another meeting Saturday night of this week to which all former service men especially are invited regardless of whether they are members or not. A Forth of July celebration is contemplated and every one interested in its success, private citizens as well as Legion members, are urged to be present and offer their suggestions and comments. Don't forget the meeting: Saturday night at the Court House.

ANNOUNCEMENT

Mr. Edsel E. Ford, President of the Ford Motor Company, gives out the following statement:

"Another reduction has been made in the list price of all types of Ford cars and the Ford truck to take effect immediately. The list prices, f. o. b. Detroit, are now as follows:

TOURING CAR.....	\$415.00
RUNABOUT.....	370.00
COUPE.....	695.00
SEDAN.....	760.00
CHASSIS.....	345.00
TRUCK-CHASSIS.....	495.00
TRACTOR.....	625.00

The big reductions last fall were made in anticipation of low material costs which we are now getting the benefit of, and this fact together with increased manufacturing efficiency and the unprecedented demand for Ford cars, particularly during the past three months permitting maximum production, have made another price reduction possible immediately.

"Ford business for April and May 1921 was greater by 56,633 cars and trucks than for the same two months in 1920; in fact, the demand has been even greater than the supply, so that our output has been limited, not by unfilled orders but by manufacturing facilities.

"During May we produced 101,424 Ford cars and trucks for sale in the United States alone---the biggest month in the history of our company---and our factories and assembly plants are now working on a 4000 car daily schedule for June.

"The Fordson tractor is still being sold at less than the cost to produce on account of the recent big price reductions, and it is impossible, therefore, to make any further cut in the price of the tractor."

Can you afford to go without a car any longer when Fords are selling at these new prices? There is no reason why you should delay purchasing a Ford car, Ford truck, or Fordson tractor.

We will gladly advise you concerning the delivery of a Fordson tractor or the particular type of car in which you are interested. Just 'phone us or drop us a card.

JOE MOUNTZ.

Mr. and Mrs. Harrison Stewart and little son, Onis, Jasper McDaniel, Wm Crowe, T. A. Hall and others came from Middle Fork here Sunday to visit relatives and be here for Odd Fellows' march on Cat Creek. J. Robert Stone was here last week hanging paper for different ones. The Odd Fellows' march sure was a success Sunday. All en-

joyed the nice day and also the nice dinner on the ground. Candidates from everywhere were there and we believe there will be several more announce if the big dinners don't cease. "Oh well, nuff sed."

We learn with regret of the death of "uncle" Wm. Morton, who has been very low for some time at the home of his son, Clyda Morton, near Bowen. He passed from this world of trials and temptation last Thursday to join his wife and other loved ones gone before. While it has pleased God to call him home it leaves his two children, Mrs. Sara Nancy Crowe and Clyda Morton besides other relatives and friends to mourn his absence until we are called to that celestial home above.

Several from here attended the funeral among them being R. M. Morton a nephew of the deceased.

He is sleeping, sweetly sleeping. In the cemetery near Bowen. And we know that we will meet him On the resurrection morn.

Resolutions of Respect

Stanton, Ky., June 13th, 1921.

The Intruder after due alarm at the outer portals and proper challenges given by those whose duty it is to dispute his entrance and stay his approach, heedless of all these and even the sword of our Tyler, ruthlessly entered our mystic circle and carried from us our venerable friend and beloved brother, Wingate Anderson, who had met with us for a period of fifty years and more, with the exception of the last couple of years, when he was prevented from doing so because of his venerable age and failing health. Brother Anderson was born on the 10th day of January, 1846, in Powell county, Kentucky, and on the 28th day of May, 1921, He was called by the Grand Master of the Universe from labor on earth to everlasting refreshment in the Grand Lodge above.

Brother Anderson was a typical Kentucky Gentleman, and a true Christian in all that the word implies, and died as he lived with faith in God and a firm belief in the immortality of the soul.

Resolved: That we bow in humble submission to the Divine Will of Him who doeth all things well, and made it possible for us to have fraternal fellowship with such a high, noble christian gentleman as our departed brother.

Resolved: In the death of Brother Anderson this lodge has lost one of its oldest, truest and faithful members; the county one of its best citizens and the family a kind and loving father.

Resolved: That we extend to the members our greatest and most heartfelt sympathy in their great loss.

Resolved: That a copy of these resolutions be spread on the minute book of our lodge, a copy sent to the Clay City Times and a copy sent to the family of our deceased brother.

Pains Were Terrific

Read how Mrs. Albert Gregory, of R. F. D. No. 1, Blufford, Ill., got rid of her ills. "During . . . I was awfully weak . . . My pains were terrific. I thought I would die. The bearing-down pains were actually so severe I could not stand the pressure of my hands on the lower part of my stomach . . . I simply felt as if life was for but a short time. My husband was worried. . . One evening, while reading the Birthday Almanac, he came across a case similar to mine, and went straight for some Cardui for me to try.

"I took it faithfully and the results were immediate," adds Mrs. Gregory. "I continued to get better, all my ills left me, and I went through . . . with no further trouble. My baby was fat and strong, and myself—thank God—am once more hale and hearty, can walk miles, do my work, though 44 years old, feel like a new person. All I owe to Cardui." For many years Cardui has been found helpful in building up the system when run down by disorders peculiar to women.

George Martin, of Rosslyn, candidate for sheriff of Powell was making new friends here last Wednesday, and if there isn't some effort made by our present officers to check the lawlessness of this county we are going to get in men that will do their duty. Remembrance

In memory of our dear father and husband, Mr. John Purcell,

who died at the Clark County Hospital after an operation for appendicitis last July.

In Winchester cemetery, where the flowers silently wave,
Is a spot which contains a precious grave,
A vacancy is left that none can fill,
And a place occupied on a lonely hill.

God called him from us, we know not why,
And made room in His mansions on high.
Now all to our dear Lord we must commend,
And ever be ready to say Amen.

His wife and four little girls.
